
Application Note: AN10090

How to redirect printing functions with timing via xSCOPE

This application note is a short how-to on programming/using the xTIMEcomposer tools. It shows how to redirect printing functions with timing via xSCOPE.

Required tools and libraries

This application note is based on the following components:

- xTIMEcomposer Tools - Version 14.0.0

Required hardware

Programming how-tos are generally not specific to any particular hardware and can usually run on all Xmos devices. See the contents of the note for full details.
